

# How to attach your chip to shoe

Thread the plastic fastener through two holes in the chip so it attaches to your lace. For best results attach it as close to your toe as possible .

Loop the pointed end of the fastener through the plastic loop. Pull until chip is securely attached to your shoe.

3 Clip off excess if you like.

4 All chip need to be returned at the finish. You will be billed \$20 for unreturned chips. We will help remove your chip.

If the chip is not worn correctly you will not be timed. You will be charged a \$20 replacement fee if your chip is not returned. Thank You.
